

# Thermal Ribbons

All popular sizes and colors of thermal transfer ribbons are *ready for quick delivery.*

## Premium Wax

- Resin-Enhanced Wax
- Best all-around performance
- Excellent imaging and durability
- Great for rotated barcodes
- Deep, rich images at 12 IPS
- Requires nominal printer energy settings
- Anti-Static back coating for longer printhead life

## Premium Wax Resin

- Superior image durability on a wide variety of materials
- High abrasion and heat resistance
- Excellent high-definition, dark characters & images at 10 IPS
- Utilizes less printhead energy
- Anti-Static back coating for longer printhead life

## Premium Resin

- Highest quality printing on a broad range of films & synthetics
- Superior resistance to abrasion, scratches & smearing
- Excellent edge definition and print quality at 8 IPS
- Perfect for long-life applications
- Anti-Static back coating for longer printhead life

## Applications:

Shipping, Warehousing, Retail Hang Tags, Transportation, Flexible Packaging, Apparel, Industrial

Healthcare, Outdoor, RFID, Transportation, Product ID, Retail, Industrial, Automotive

Hazardous, Electronics, Outdoor, Medical, Pharmaceutical, Heat Shrink Wrap, Automotive

# Ribbons
